

## Proposed traffic control device

# Creation of no stopping areas and bus stops on SH6A, Stanley Street, Queenstown

The NZ Transport Agency is proposing to create no stopping areas and bus stops on State Highway 6A, Stanley Street, Queenstown between Coronation Drive and Shotover Street to allow the relocation of the Queenstown Bus Hub.

The relocation of the bus hub was requested by the Queenstown Lakes District Council as part of the central Queenstown work.

In making this decision, the Transport Agency will consider the potential impact on the property occupiers, public and the transport system.

The map shows the affected areas and the extent of these proposed changes.

Once the Transport Agency has consulted on this proposal, it intends to confirm the change by making a bylaw.

Feedback on this proposal can be made in writing to the Senior Safety Engineer, NZ Transport Agency, PO Box 5245, Dunedin 9058, or emailed to [speedlimitogosthInd@nzta.govt.nz](mailto:speedlimitogosthInd@nzta.govt.nz) by Monday, 26 November 2018.

If no feedback is received by this date, the Transport Agency will take this as acceptance of the proposal.
